

Specifications:

Construction: Machined from 6061-T6 aluminum, C36000 brass, or 304 stainless steel.

Mounting: Industry standard 1/2" NPSM thread on each end. Optional 304 stainless steel nipple allows stem to be used with most standard mounts

Finish: TGIC thermo set polyester powder coat paint available in 14 standard colors. On aluminum model, finish is applied over a corrosion resistant, hexavalent chromium free, RoHS compliant coating. Aluminum model available in one additional metal finish: Clear Anodized. Brass model available in three additional metal finishes: Natural, Polished, and Aged. Stainless steel model available in three additional metal finishes: Natural, Polished, and Brushed.
